

## CUSTOMIZED HELMET FRONT HOLDERS

Customized holders can be personalized with any text you would like to add to the middle of the logo. We offer the flat-top style holder for newer model Cairns® helmets as well as the arch top style used in older helmets. Mounting hardware is included. (Note that arch top holders require custom trimming to ensure proper fit on most Cairns® traditional helmets)

## SPECIALTY PRODUCTS

### PARADE STYLE FRONTS

We now offer parade style fronts in both 6 inch sizes to fit standard helmets and 8 inch sizes for high-eagle type helmets. Our Parade Style fronts feature decorative text panel options and all of the same design, color and material features we offer in with our standard traditional style fronts.

**Style #9051 - Parade Style Front**

### TrakLite™ Option

We offer the option on all of our front styles to provide a custom cut-out to accommodate Bullard TrakLite™ helmet light systems. Why sacrifice the look of your helmet front to gain the benefit of a TrakLite™? We provide a custom stitched panel that perfectly integrates the light system and helmet front.

(Boston Front)**

**Style #9053 - TrakLite™ Option  
(Traditional Front)**

### Custom Boston Style Key Rings

Want to carry your helmet front with you all the time? Have your front design made into a keychain. Our Boston Front Key Rings are 2 inches tall, have a stitched edge and include the string tie-back.
